Dear Sir/Madam,

I am Mohamed Abuella, who received a B.Tech from College of Industrial Technology, Misurata, Libya, and M.Sc degree in Electrical and Computer Engineering from Southern Illinois University Carbondale in 2012, and a Ph.D degree in Electrical Engineering from the University of North Carolina at Charlotte in 2018.

I like working in a diverse environment for an interdisciplinary research. My research interests on the application of machine learning and optimization techniques.

Since the starting of my Ph.D study, in 2014, I have been involved extensively with data-driven analytics for several applications, such analytics for energy, trading & risk, and shipping.

I would like to apply for the opening position, and hope to get the opportunity to collaborate and work with the experts of this field.

You may refer to the attached package of my application, at your convenient time.

Should you have any questions, please let me know.

Thanks for your cooperation and attention.

Yours sincerely,

Mohamed Abuella
