Cover Letter

July 21, 2019

Dear Dr. Mohammed Saeed,

I am Mohamed Abuella, who received a M.Sc degree in Electrical and Computer Engineering from Southern Illinois University Carbondale in 2012, and a Ph.D degree in Electrical Engineering from the University of North Carolina at Charlotte on December 15th, 2018.

During my Ph.D program, I have been working with a research group whose main scope is on renewable energy resources grid integration. My role is on data-driven analytics to mitigate the variability issues that imposed by these intermittent resources for optimizing grid integration.

I would like to apply for a Post-Doctoral fellow at the Cardiovascular Center at the University of Michigan, and hope to get an opportunity to work alongside the leading experts of this field to transfer, improve, and acquire knowledge and skills.

I am looking forward to hearing from you.

Thanks for your cooperation and attention.

Yours sincerely,

Mohamed Abuella
